Dear Sirs:

It is my utmost privilege to extend greeting to you on behalf of a large manufacturer of high quality Dry Milk Products from Belarus, Eastern Europe. The name of the company is Volkovysk JSC "Bellakt". Below is a brief introduction of our company.

“Volkovysk JSC "Bellakt" is a modern constantly improving and developing company founded in 1970. It is the only producer of infant milk and powdered baby food in the Republic of Belarus and one of the largest producers of dry milk products on the Post Soviet Union territory. The maximum full capacity for milk processing at the Volkovysk JSC “Bellakt” is 700 tons/day or 225 thousand ton/year.

Our main specialization is production of dry milk baby formulas for newborns, specialized products for pregnant women and nursing mothers, follow-up formulas and cereals for healthy children alongside with formulas for children with intolerance for cow's milk, lactose and sucrose.

Regarding Milk Powders we have already supplied high quality SMP and FCMP to such countries as Libya, Syria, Venezuela, Egypt, Pakistan, and Vietnam. The company is constantly expanding its presence in to new international markets. As milk powders supplier we are approved by NESTLE, MARS, KRAFT, DANONE on the Russian market and internationally. The quality of our products is approved by numerous international awards and certificates. The production site is certified according to ISO 9001, FSSC 22000, HACCP STB 1470-2004, Halal, and others.

You can easily access all the additional information about the enterprise and product range on our web-site: **www.bellakt.com/en**

We'll be happy to answer all your questions, please forward them via email or fax. Looking forward to hearing from you soon.

Yours faithfully,

Export Department
