

Infant Milk-based Powdered Formula

Bellakt Brand

Bellakt, JSC is one of the leading dairy producers and the sole manufacturer of Infant nutrition powdered products in Belarus. The production plant was founded in **1970** in Volkovysk, Grodno region, an ecologically clean area famous for its highly productive dairy fields. Bellakt's production site is ISO 9001, FSSC 22000, HACCP, HALAL certified.

Packaging

- **400 gm paperboard box** with the powder inside an aluminum bag.
- Properties of the product are unaltered equally as in a tin can. This reduces production and logistics costs.
- Original packaging with design in **English**, but stickers with other languages can be pasted.
- Factory packaging in any language is possible based on MOQ.
